

# CÂMARA MUNICIPAL DE RIBEIRÃO DAS NEVES

Estado de Minas Gerais

## INDICAÇÃO Nº. 894/2021

Sala das Sessões, 11 de janeiro de 2021.

Senhor Presidente,

O Vereador que abaixo subscreve, com base no artigo 245 do Regimento Interno, vem requer à Mesa da Câmara, após ouvido o Plenário, que seja feita indicação ao Exmo. Sr. Prefeito Municipal com o pedido de **pavimentação das ruas Marina Gonçalves Gomes, Admir Jose de Souza (2ª Sessão) e Conceição Martins Costa (2ª Sessão), todas situadas no bairro Monte Verde em Ribeirão das Neves.**

### JUSTIFICATIVA

A presente proposição se justifica pela péssima estrutura das ruas, itinerário do ônibus 6171, além da queixa dos moradores em relação ao descaso com referido bairro, uma vez que as ruas estão praticamente intransitáveis, dificultando o acesso de veículos e também dos moradores.

Atenciosamente,

  
**Celso Andrade de Araújo**  
Vereador

CPMUNMUNICIPAL DE RIBEIRÃO DAS NEVES - 11/01/2021 16:24 - 000000000097

RMOL

The first part of the document discusses the importance of maintaining accurate records of all transactions. It emphasizes that every entry should be supported by a valid receipt or invoice. This not only helps in tracking expenses but also ensures compliance with tax regulations.

In the second section, the author outlines the various methods used for data collection and analysis. It includes a detailed description of the survey process, from the design of the questionnaire to the distribution and collection of responses. The analysis part covers statistical techniques used to interpret the data, such as mean, standard deviation, and correlation coefficients.

The third section focuses on the results of the study. It presents a series of tables and graphs that illustrate the findings. The data shows a clear trend in the behavior of the subjects, which is consistent with the hypotheses proposed at the beginning of the study.

Finally, the document concludes with a summary of the key findings and their implications. It suggests that the results could be useful for further research in this field and for practical applications in the industry. The author also acknowledges the limitations of the study and offers suggestions for future work.
